Why SG & International Development?

“No society can be flourishing and happy, of which the far greater part of the members are poor and miserable”

(Adam Smith: The Wealth of Nations)

The Scottish Government

Why SG & ID contd...?

- Scotland has always been an outward looking nation
- SE's response to 2004 Asian Tsunami: who would lead Scotland's response? Staff seconded to help coordinate relief efforts.
- Scotland's devolution journey would not be complete without a permanent International Development Fund
- From these beginnings, SG's **International Development Policy (IDF)** established, articulating a vision of Scotland's place in the world as a good global citizen, committed to playing its role in the global fight against poverty. With an **IDF** to support the Policy

The Scottish Government

SG ID Policy

“Scottish Ministers are committed to advancing Scotland's place in the world as a responsible nation by **building mutually beneficial links with other countries...** As part of [its] International Framework, Scotland has a distinctive contribution to make in its work with developing countries **recognising our global responsibility** to work together to achieve the Millennium Development Goals (MDGs).” (2008)
