## ***Why SG & International Development?***

*“No society can be flourishing and happy, of which the far greater part of the members are poor and miserable”*

(Adam Smith: The Wealth of Nations)

# The Scottish Government

## Why SG & ID contd...?

- Scotland has always been an outward looking nation
- SE' s response to 2004 Asian Tsunami: who would lead Scotland' s response? Staff seconded to help coordinate relief efforts.
- Scotland's devolution journey would not be complete without a permanent International Development Fund
- From these beginnings, SG' s **International Development Policy (IDF)** established, articulating a vision of Scotland's place in the world as a good global citizen, committed to playing its role in the global fight against poverty. With an **IDF** to support the Policy

# The Scottish Government

## SG ID Policy

“Scottish Ministers are committed to advancing Scotland's place in the world as a responsible nation by **building mutually beneficial links with other countries...** As part of [its] International Framework, Scotland has a distinctive contribution to make in its work with developing countries **recognising our global responsibility** to work together to achieve the Millennium Development Goals (MDGs).” (2008)

  - Renewables (Denmark/Scotland)
  - Democracy / human rights (Scotland?)

# The Scottish Government

  - Scottish Working Group on Post 2015;
  - the Scottish SE4All Forum
- Capitalise on democratically engaged population in Scotland (referendum)

*Capture/maintain public interest/attention/support*
